## Douglas Attacks GOP for Failure to Enact Bill to Aid Depressed Areas

Senator, Congressman Gray Speak At Meeting Here

U. S. Senator Paul H. Douglas, speaking at Harrisburg Wednesday afternoon, attacked the Eisenhower administration and the Republican leaders for preventing the Douglas-Gray bill to aid depressed areas from being enacted into law.

## Cost of Living Rises to New Record High

WASHINGTON (AP)—The cost of living rose to a new record high last month, the government reported today.

The Bureau of Labor Statistics said its consumer price index—the government's official yardstick of living costs—rose three-tenths of 1 per cent between August and September.

The index stood in September at 117.1 per cent of average 1947-49 prices. This was one-tenth of 1 per cent above the previous record high set in July.

At the same time, the bureau reported that average factory workers' pay also reached a record high in September.

Despite higher prices, it said, the purchasing power of the average factory worker's take home pay was the highest on record for the month of September.

Prices increased in September in all major categories of consumer goods and services except food, which remained at the August level, the bureau said.

The increase brought the living cost index to a level 2.8 per cent higher than in January, 1953, when the Eisenhower administration took office.

The average take home pay—earnings after taxes—of a factory worker with three dependents was \$74.04 a week in September. That was \$1.10 higher than in August and \$2.60 higher than in September, 1955.

## Nine HTS Students Attend District Student Council Meeting

## Eight Children in One Family Killed In Car-Train Crash

SIGOURNEY, Iowa (AP)—Eight children, all members of the same family, were killed today and their mother was seriously injured when a train slammed into a car at an "almost blind" rural crossing near here.

The accident took the lives of all of the children of the Richard Hammes family, including two sets of twins.

Mrs. Hammes, 38, was taking the older children to school when the accident occurred. She was reported in fair condition at Keokuk County Hospital.

The victims were identified as 9-year-old twins Donald and Ronald; Karen, 8; Linda, 7; Gary, 6; Rosemary, 3; and 18-month-old twins, Ricky and Vicky.

## Mining Institute To Meet Friday

SPRINGFIELD, Ill.—The 64th annual meeting of the Illinois Mining Institute will meet at Hotel Abraham Lincoln in Springfield, Friday, Oct. 26.

The institute was founded in 1892 to create closer relations between members of the coal industry and to find better methods of mining coal.

A business session will be opened Friday morning by F. E. Snarr, president. Election of new officers and the executive board will be held.

Papers on freeze-proofing, loading, and transportation of coal will be presented during the morning. A feature of the afternoon session will be a panel discussion on extensible belts.

Recent developments in mining methods and mine safety practice in Illinois will be the subject of papers given in the afternoon by W. A. Weimer, chief engineer of the Northern Illinois Coal Corp., Belleville, and L. H. Johnson, safety engineer of the Peabody Coal Company, Taylorville.

Edward McFaul, director of the Dale Carnegie Institute, Chicago, will be guest speaker at a banquet Friday evening.

Other officers of the institute are Paul Halberstien, vice president, and George M. Wilson, secretary-treasurer.

Staff members of the Illinois State Geological Survey who will attend the meeting are John C. Frye, chief, George M. Wilson, Jack A. Simon, William H. Smith, Emile D. Pierron and David Reinertsen.

## Barter Low Bidder On State Projects

Low bids have been announced for a number of state highway projects and the J. D. Barter Construction Co. of Harrisburg figures in the low bids for work in Johnson and Pulaski counties.

Barter and the Franklin Asphalt Co., Benton, submitted a low bid of \$123,242 for 3.78 miles of bituminous surface treatment on gravel or crushed stone base course on Federal Aid Secondary Route 927 from U. S. Route 45 one mile south-east of Tunnel Hill, southeasterly, all in Johnson county.

Barter and the Howell Construction Co., Carbondale, were low with a bid of \$269,150 to construct a three-span steel WF-beam bridge over the Cache river and a three-span reinforced concrete slab bridge over Kitchel slough, both on Illinois Route 37 approximately two miles northwest and one and three-fourths miles west of Karnak, respectively, and build bituminous paved approaches. This project is in Johnson and Pulaski counties.

## Name Candidates for Homecoming Queen at Carrier Mills High

Delice Blake, Mary Holmes, Jean Ritter, and Mabel Tanner were nominated for the 1956 Carrier Mills Community high school Homecoming Queen Tuesday during the homeroom period.

The following class attendants were also elected: Junior attendant, Susan Ricketts; sophomore attendant, Joan Dunn; freshman attendant, Joyce Absher.

The Homecoming Queen will be elected Tuesday, Nov. 6, during the homeroom period. The entire student body will elect one of the four senior candidates as queen, lady-in-waiting, maid of honor, and senior attendant. The queen will be crowned during the Homecoming dance, Saturday, Nov. 10, at 11:15 p. m.

The Homecoming parade will be Saturday, Nov. 10, at 2 p. m. Any one who wishes to enter a float in this parade should contact Bill Priest of the CMCHS faculty by

## Ike Hits Use of Soviet Troops To Quell Revolt

Says Forces Should Have Been Withdrawn Under War II Treaty

NEW YORK (AP)—President Eisenhower today deplored the use of Soviet troops to quell the revolt in Hungary.

He said they should have been withdrawn years ago under the World War II peace treaty.

Mr. Eisenhower, in a statement issued here also said the use of the Russian troops against the rebelling Hungarians demonstrates that Soviet forces have been kept in the satellite country not to protect Hungary from outside aggression, as Russia claims, but for Russia's "own purposes."

The President hinted that the United States might favor action before the United Nations.

He said the demands reportedly made by the students and by the working people engaged in the revolt "clearly fall within the framework of those human rights to which all are entitled" and "are affirmed in the charter of the United Nations."

The President's political goals for today were the wowing of New York's crucial vote and answering Adlai E. Stevenson's attacks on his foreign policy.

The President has scheduled a day of campaigning in New York City. He will make a nationwide radio and television address tonight from Madison Square Garden.

The speech, at 9 p. m. EDT, will be carried by the National Broadcasting Co.

Mr. Eisenhower was expected in his address to use some of the most biting language of his campaign in answering Stevenson's foreign policy attacks. The President's close associates pictured him as indignant over Stevenson's recent criticism of administration policies in the Suez Canal crisis.

Twice within a week, Stevenson has accused Mr. Eisenhower and Secretary of State John Foster Dulles of not telling the truth about the Suez situation.

## West Frankfort

### Clerks Walk Off Jobs

WEST FRANKFORT, Ill. (AP)—Some West Frankfort retail clerks walked off their jobs today in a demand for time-and-a-half pay for work on Monday night store openings.

A merchant said the walkout appeared to be spreading and that a negotiations session is planned later in the day.

Stores recently began staying open on Monday night from 5:30 p. m. to 8:30 p. m.

### Store Burglarized

Brown's Army store on Elm street last night was burglarized but not entered.

A city policeman John Dunn said a rear window was broken and the thief or thieves reached in and took some merchandise.

## New Polish Communist Gov't Moves to Patch Up Relations with Soviets

WARSAW (AP)—The revamped Polish Communist Party and government moved today to patch up strained relations with the Soviet Union.

A United Press dispatch from Moscow said Wladyslaw Gomulka, the new "liberal" leader of the Polish United Workers (Communist) Party, would head a delegation to Moscow today or Friday.

The party's Central Committee passed a resolution today calling on Poles to "consolidate Polish socialism."

But it added that any attempts to drive a wedge between Poland and the Soviet Union were doomed to failure.

The Central Committee also condemned anti-Semitism and other racial discrimination. It said the working class should be on good terms with the intelligentsia.

**Situation Back to Normal**  
The Central Committee meeting

was the first since Gomulka took over from Edward Ochab as first secretary of the party last week.

The official news agency PAP reported the situation throughout the country was "back to normal" following nearly a week of demonstrations against Stalinist influences.

The agency said Russian troops which had moved from their barracks when the disturbances started were returning now to their specifically defined Warsaw Pact bases.

Work in factories was proceeding normally, PAP said, and students have returned to their studies.

It said the people were expressing their "admiration" of Communist Party workers who broke up the last of the demonstrations outside the Hungarian embassy Wednesday night.

## Leaders Plead Desperately to End Bloodshed

Gov't Promises to Negotiate Withdrawal Of All Soviet Troops

VIENNA (AP)—Hungary's civil war, its dead already numbering in the hundreds and its wounded in the thousands, raged through its third day today despite new government promises of forgiveness and a pledge to negotiate withdrawal of all Soviet troops in Hungary.

The "working people" of Budapest fought Soviet troops and government forces through the broad streets and cobbled squares of that fabled city as the Hungarian Communists purged their top Stalinist leaders and made continued desperate pleas for an end to bloodshed.

The Communist leadership, meeting in emergency session, booted out Stalinist party boss Ernoe Geroc and named "Titoist" Janos Kadar as new first secretary. They had confirmed Geroc to that post only Wednesday.

Shortly afterwards, newly restored "Titoist" Premier Imre Nagy promised in a radio broadcast to the nation that he would ask for the withdrawal of all Soviet troops from Hungarian soil as soon as order is restored.

"The Hungarian government will

## NO AMERICANS MOLESTED IN RIOTING

WASHINGTON (AP)—The State Department received official word from the American legation in Budapest today that no Americans were molested or injured in the Hungarian riots.

soon initiate negotiations with the Soviet Union on the withdrawal of all Soviet troops stationed in Hungary presently," Nagy said.

Then he conceded that the fighting still raged on, despite earlier government claims that the rebellion had been crushed.

"Stop the tragic fighting and the useless bloodshed and let us return to peaceful work again," Nagy said in his appeal to the people over the facilities of Budapest Radio.

Polish newsmen reported to Warsaw that the Hungarian rebels still were fighting in Budapest at 2 p. m.—8 a. m. CST—and had occupied one of the main railroad stations.

The Polish newsmen said the rebels also had occupied the Hotel Paris.

Immediately after Nagy's promise to rid Hungary of Russian troops, Kadar followed with a plea for an end to the revolt which he said "is still causing serious bloodshed and heavy damage."

As he spoke, many of the fine, historic buildings of Budapest were destroyed or in flames.

Addressing his audience as "Comrades, working people of Hungary," Kadar said he had "not much time to speak."

"The revolt has caused and is still causing serious bloodshed and heavy damage (and will continue to do so) until we end that situation by the aid of the whole Hungarian people."

# Nine Dead in Plane Mishaps; Jet Hits Cessna 170 Carrying Family of Five

MIDLAND, Tex. (AP)—Nine persons, including a joy riding flight mechanic, died Wednesday in three accidents involving four planes.

An elderly woman was killed and another injured when their automobile collided with a sheriff's car rushing to clear traffic from a highway in case the mechanic decided to land.

A T33 jet plane from Webb Air Force Base carrying two Air Force officers collided in flight with a Cessna 170 carrying five members of one family over Midland. Wreckage of the planes plummeted to a residential section, burning one house and damaging several others. All seven persons in the planes died, but no one was hurt on the ground.

A flight mechanic at Webb AFB near Big Spring climbed into another T33 Wednesday night, ignored warnings from control tower operators and taxied onto the runway. He outsped a truck sent to block his takeoff and zoomed

off the field. At 5,000 feet he casually reported his position. Shortly after, he radioed he was having trouble. Another jet pilot flew near to explain how to keep the plane on level flight.

The plane flew erratically and suddenly dove into the ground and exploded near the huge Cosden Oil Refinery three miles east of Big Spring. Witnesses said the plane and pilot "disintegrated."

The Air Force victims of the air collision were identified as Capt. Roy A. Roberts, 29, Belleville, Ill., whose wife and daughter live at Big Spring; and 1st Lt. Lowell D. Hale, 25, Decatur, Ill. Hale's wife and daughter also live in Big Spring.

Those killed in the private plane were Mr. and Mrs. W. R. Clements, Vashit, their daughter, Cathy, about 13-months-old, and Mrs. Clements' parents, Mr. and Mrs. Roy Ernest Howard of Bellevue. Clements operates a flying serv-

ice at Bowie. He had taken off earlier from Odessa Airport.

The jet overtook and collided with the Cessna over Midland. Bodies and wreckage from the planes flew in all directions.

The body of the little girl landed headfirst in a flower bed. The body of one woman crashed through the roof of a house and landed in a bathtub.

A witness said he saw one of the airmen eject himself from the falling jet, but his chute failed to open and he hurtled to his death.

The main part of the jet hit an automobile parked in a driveway next to the home of R. H. Saunders and careened through the side of the Saunders house, setting it afire. Saunders and his family were not at home.

The engine and propeller of the private plane crashed into the roof of another house. The rest of the plane hit a third home. Parts from the two planes damaged a fourth dwelling.

## Oriental Party by Beta Kappa Members, Rushees and Husbands

Members and rushees of Beta Kappa chapter of Beta Sigma Phi and their husbands enjoyed an Oriental party and dinner in the Rathskeller at the Elks club Friday evening.

Upon arriving the guests were greeted by the committee members and directed to the punch bowl presided over by the president, Mrs. Ronald Coon. The punch table was covered with a white cloth with red roses.

The room was decorated with Japanese lanterns, dolls and hand-painted Japanese prints in keeping with the oriental theme.

Before dinner, Rush Captain Mrs. Gene Neihaus, with her membership committee, Mrs. Wm. Prusaczyk and Mrs. David Flota, judged the costumes and first prize went to Mr. and Mrs. John Hill. Mr. and Mrs. Richard Davenport and Mr. and Mrs. Bill Brashers tied for second prize.

Later, guests found their places for dinner marked with Japanese umbrellas and oriental fans were given the rushees and members as favors.

The dinner tables were laid with white cloths and centered with oriental figurines and arrangements of chrysanthemums in china teapots.

After a delicious meal of chow mein, assorted relishes, pumpkin pie and coffee members and guests enjoyed playing traveling bingo with prizes going to Mrs. Lowell Vaughn and Wm. Prusaczyk.

Guests for the evening were Mr. and Mrs. John Hill and Mr. and Mrs. Lowell Vaughn.

The following were present: Mr. and Mrs. Gene Neihaus, Mr. and Mrs. Bob Gaskins, Mr. and Mrs. Marvin Barnett, Mr. and Mrs. Richard Davenport, Mr. and Mrs. Bill Brashers, Mr. and Mrs. J. B. ## Rainbow Workers Class Elects Officers

The Rainbow Workers class met Tuesday evening at the home of Imogene Dixon.

The meeting was opened by Wilma Grable in the absence of the president, Marchetta Lambert.

A scripture from Psalms was read and prayer was offered by Imogene Dixon.

New officers for the coming year were elected as follows: President, Wilma Grable; vice president Beulah Glass; secretary, Nora Price; treasurer, Imogene Dixon; reporter, Mary Wilkinson; song leader, Novella Sherrod; flower committee, Lodema Sisk and Beulah Glass.

Motion to adjourn the business session was made by Lodema Sisk and a social hour with refreshments of pudding with whipped cream, Cokes and coffee were enjoyed by those already mentioned and Barbara Reynolds and little Dana Sisk.

The teacher, Mary Wilkinson, was unable to attend due to illness.

## Mrs. Joe Hill of Benton Guest Speaker at Saline County Garden Club

The October meeting of the Saline County Garden club was held Tuesday afternoon at the home of Mrs. R. H. Loos. Twenty-one members were present to enjoy a talk by Mrs. Joe Hill of Benton on "Preserving Green Leaves and Flowers for Winter Decorations."

Many suggestions for delightful winter bouquets of dried grasses and seed pods found along the highways were given.

The legend of the Golden Rod was told by Mrs. Nelle Meyers and Mrs. J. M. Burley, chairman for the afternoon, brought a lovely flower arrangement of small bronze mums artistically placed in an oblong container.

Mrs. Ray Durham, president of the club, presided at the business meeting. A letter was read from the state chairman pertaining to the "Exhibit of Garden Club Talent," to be held at the Palmer House in Chicago for the week of Nov. 12.

The report of the nominating committee was read by Mrs. Bess Hagler and the following officers were elected: President, Mrs. Michael Reshetor; vice president, Mrs. LeRoy Reese; secretary, Mrs. Jacob W. Myers; treasurer, Mrs. Joseph M. Hart. Mrs. C. L. Travis will be publicity chairman for the new year. The program committee will consist of Mrs. Ray Durham, Mrs. Ed. Gaskins and Mrs. LeRoy Reese.

A committee consisting of Mrs. Steve Farrar, Mrs. Harry Dorris and Mrs. Ethel Burley was appointed to select a book on gardening to be placed on a shelf in the public library.

At the close of the meeting the guest speaker, Mrs. Hill, was presented a gift from the club.

The hostess committee, composed of Mrs. Loos, Mrs. A. M. Hetherington, Mrs. Charles Gaskins and Mrs. Roy Adams, served punch and cookies.

The four-mile ferry boat trip between San Francisco and Alameda across San Francisco Bay takes only 18 minutes.

## Halloween Party by His Disciples Sunday School

His Disciples Sunday school class of the Social Brethren church of Dorrisville held its Halloween party Tuesday night at the home of the class teacher, Mrs. Cordelia York.

The house was beautifully decorated in typical Halloween style with fall flowers and pumpkin candles.

Everyone came masked. Prizes were awarded to Mrs. Wilma Gulley for the prettiest, Mrs. Helen Stump for the ugliest, and Mrs. Pauline Durfee for the most unusual. The last one to be identified was Mrs. Lucille Pankey.

Games in keeping with Halloween were enjoyed by everyone. Delicious refreshments were served at the close of the social.

Others present were Mrs. Mabel Stricklin, Mrs. Audrey Reed, Mrs. Margie York, Mrs. Gladys Austin, Mrs. Stella Simpson, Mrs. Virginia Vanbibber, Mickey Pankey, Jane Reed, Elaine York, and the hostess, Mrs. York.

## Good Neighbors Club Meets at Sesser

Fifteen members of the Good Neighbor club and also some non-members motored to Sesser Wednesday to the home of Mrs. A. P. Gollhier.

At noon a bountiful dinner was served after which Mrs. L. L. Riegel called the meeting to order. Group singing was led by Mrs. Lee Allen, and prayer was led by Mrs. Vola Sittig. Roll call was answered by telling what was enjoyed most this season of the year. Mrs. Cliff Winden installed the officers for the next term, and presented each one, including the hostess, with a pretty corsage.

The retiring president was presented with a beautiful gift and bouquet.

The new officers are: President, Mrs. John C. Small; vice president, Mrs. Leland Hayes; secretary, Mrs. Lee Allen; treasurer, Mrs. Cliff Hafford; reporter, Mrs. A. J. Drott. Five dollars were donated to the Salvation Army.

After the business meeting, games were enjoyed, and prizes won by Mrs. Charles Lockwood, Mrs. Cliff Winden, Mrs. Cliff Hafford and Mrs. W. L. Gollhier.

Revival Begins Sunday at Eldorado Baptist Church

The First Baptist church of Eldorado begins eight days of revival services Sunday morning, Oct. 28, which will continue through Sunday evening, Nov. 4.

The Rev. A. W. Walker, pastor of the 2700-member Carlisle Avenue Baptist church in Louisville, Ky., will be the evangelist. For the past 22 years he has been a successful pastor-evangelist. A leader in the Baptist life in Louisville, among Baptists of Kentucky, he is now serving on the steering committee for Greater Louisville Billy Graham Evangelistic Crusade.

The song leader for the services is a product of Professor Warren Angel, who is recognized as the most outstanding college music director in the South. Besides serving in the service he has served as minister of music in small churches and in large churches. He is now a student in the Music School of the Southern Baptist Theological Seminary in Louisville, and serving as minister of music at the Carlisle Avenue Baptist church.

The Rev. Eddie Hatfield, pastor of the First Baptist church of Eldorado welcomes the public to the services.

## THE LONG NIGHT

By MARTIN CAIDIN  
Copyright 1956 by Martin Caidin. Distributed by NEA Service.

Col. Alfred Buyers, Harrington civil defense director, thought of his wife, of her chances of survival, and angrily forced the thoughts from his mind. He would know soon enough, and he could not afford to clutter his mind with these thoughts. Too many people still deepened upon his decisions.

It was time for him to leave the center in the capable hands of his operations chief, Goldblum, and make a tour of the city. He had the urgent desire to get the "feel" of the great struggle still raging within the city. The worst of the battle was over, and as a military, or as a civil defense commander, Buyers realized the necessity of appearing among his people.

With Goldblum back at his seat in the main operations room, Buyers turned to his chief, "Morris," he ordered, "get me a jeep right away. Doesn't matter if it's one of ours, or one of the State Guard jeep. Just so long as it has two-way radio. I want to make an area inspection, and I want you to be able to reach me if it's necessary." He paused, then continued. "You take over operations here. Give as many people breaks as you can."

Soon afterward Buyers climbed into an olive-drab jeep, with a young State Guard corporal at the wheel. The jeep was spattered with mud and dirt, and looked as if it had been used hard for many hours. The rear seat was filled with radio equipment, and a long aerial quivered in the afternoon wind.

Several hours later the jeep came to a halt near West Blecker St. Two heavy bulldozers and three large bucket cranes snorted and thundered, gouging from the ash-covered earth a great, long scar. Hundreds of men labored among and around the machines. The sounds of racing engines, creaking cables, of picks and shovels were to be heard, but not the sounds of speech.

At one end of the long trench which steadily deepened stood several men of God. Three chaplains—a Catholic, a Protestant and a Jew. Through the night their words had comforted, soothed and, too frequently, had witnessed in last rites the flight of human life. Each had administered, en masse, to one and all, for the need for spiritual consolation was so great that differences of creed were necessarily ignored.

The chaplains now stood together, a small and isolated group. None spoke a word. They waited.

Beyond the trench waited a long line of trucks, vehicles of a wide assortment, from small pickups to great 30-ton trailers. There was, however, one identifying, one common characteristic about these waiting vehicles.

Within each truck rested the dead of Harrington, with eyes open and eyes closed, with indecent mouth caverns exposed to the dust, with limbs grotesque and twisted, with faces in repose and frozen in agony, with tattered clothes, with unmarked bodies, and with torn flesh. Corpses all, waiting here for their final resting place in the ever-lengthening scar being torn in the earth.

The machines fought the yielding soil; the men labored; the trucks and their cargoes waited.

The cranes stopped. The buckets were lashed into place. Rocking and rolling, the ungainly monsters ground their treads into the loosened soil and retreated from the trench. The bulldozers followed, backing a respectful distance from the long, deep hole. The operators stilled their grumbling Diesels, lit cigarettes or drank scalding coffee and waited.

Into the trench went the men. The shovels dug, lifted, and hurled their spadefuls of soil into the air,

over the trench lip, and onto the climbing mounds.

The trench was six feet deep along its edges. From here the freshly uncovered soil descended gradually to the center, 7 1/2 feet from the edge. Six feet deep at the edge, 15 feet wide.

Six hundred feet in length. Beyond the waiting scar, another trench. And an equal distance beyond that trench, another scar in the earth, also six feet deep, 15 feet wide, and 600 feet in length.

The men were finished. Clutching their shovels and picks, they left the depths of the trench.

There was a conference. The three chaplains were joined by several doctors, and by other men and women marked with armbands and helmets. The group talked, looked as one at the trench, then to the waiting trucks.

The three chaplains looked at each other, and nodded. The Protestant minister turned to the burly Public Works representative.

"All right, Lawrence. Now."

The first of the trucks rolled forward, came to a stop at the far end of the trench. Several men climbed atop the vehicle, hauling free the heavy canvas which shrouded the bodies.

Place each body on the ground, head to the edge of the trench, feet to the center. Each body will lie in a position so that the feet are pointed toward the body lying on the other side of the trench, with head slightly higher than the feet.

The first truck is empty. Take off, Mac, there are many trucks waiting. The second truck, and the third. The bodies begin to fill this fresh scar in the earth, begin to fill the wound in the soil. The trucks roll up, and disappear.

They are leaving to pick up more bodies.

### Eisenhower and Adlai Favor Aid for Poland

WASHINGTON (UP)—President Eisenhower Tuesday night held out the possibility of U. S. aid for Poland if the Poles want it and succeed in their drive for independence from Moscow.

In an address offering encouragement to Poland and other restive Communist satellites, Mr. Eisenhower said that the United States stands ready to help "freedom-loving peoples who need and want and can profitably use our aid."

The Polish situation also drew the attention of Democratic presidential candidate Adlai E. Stevenson. Speaking in New York, Stevenson called not only for U. S. economic assistance, but for U. S. action to take Poland's case before the United Nations if "Soviet pressure continues" against the new Polish regime.

Stevenson said the U. N. move should be made only if Poland requested it.

#### AGRICULTURAL SERVICES

Illinois farms produce foods for the world's bread basket. Under Governor Stratton's administration the State Department of Agriculture has expanded its services to assist farmers in the control and eradication of both crop and livestock diseases.

Illinois housewives have learned to rely on the food inspection services of the state — assuring them they are purchasing pure food products at all times.

## AROUND SPRINGFIELD

By DON E. CHAMBERLAIN

**Economy, Pensions, Aid to Distress  
Areas Will Face New Legislature**

SPRINGFIELD, Ill. (Special)—The 70th Illinois general Assembly and its long six months of law making is only a few months away but already many of those certain of seats as well as prospective members are sprouting ideas. A survey shows economy and home rule, increased pensions for the aged and compulsory safety tests of automobiles will be in the legislative hopper.

Also certain to be taken up at the session which convenes on January 8 are proposals to strengthen the narcotics law, for relief for economic distressed areas, speed limits, compulsory automobile insurance, legislative auditing of state officers' appropriations, increased residential requirement for public aid, and for establishment

of a standard for a "common school education."

The survey disclosed there is certain to be reaction in the next General Assembly to the looting of the state treasury by former State Auditor Orville E. Hodge, Granite City, now serving a 12-15 year prison sentence for an estimated theft of \$1.2 million. One holdover state senator would require the Assembly to be given a complete overall check of state spending.

Sen. James O. Monroe, D., Collinsville, says that "in view of the complete default of the Budgetary Commission as shown in their approval of a nearly \$2 million increase in the appropriation of Auditor Hodge, I would provide for open sessions of the State Budgetary Commission and a complete record of the commission's minutes to be made available to the legislature."

Robert Austin, R., East Moline, candidate for the Illinois House in the 39th Representative district, says he will be for economy in government "and the preservation of the 'home rule' idea in so far as it is possible," and Paul E. Rink, D., Rock Island, in the same district will support legislation for increased aid to the aged and for a compulsory safety test of all motor vehicles.

Sen. George Drach, R., Springfield: "The real budgetary headaches are public aid and state aid to education. I would be interested to know how many would favor a three-year residence requirement for public aid, and establishment of a standard for a 'common school education' as prescribed by the Illinois constitution."

Candidate C. L. McCormick, R., Vienna: "Economic distress areas are only small in the most southern part of the state and I believe that they should have assistance to bring them in line with the prosperity of the rest of the state."

Illinois motorists who desire to keep their present state automobile license plate numbers have until Nov. 1 to do so. The state law requires the office of Secretary of State to reassign a license number if the holder applies for it not less than 60 days prior to the expiration date of the current license—December 31st.

Secretary of State Charles F. Carpenter, East Moline, put out a reminder last week advising motorists wishing to keep their present number, to send in their applications without delay in case it may be necessary to return them for additional information. First plates to be issued go into the mail December 1st. Colors of 1957 plates will be red numerals on a white background.

## Farm Income Topping '55, Ag Dep't Reports

WASHINGTON (AP)—The Agriculture Department reports overall farm income topped 1955 levels by nearly 2 per cent in the first nine months of this year despite lower farm prices.

The department said a prospective "record high" farm yield this year enabled farmers to step up sales 4 per cent in the period that ended Sept. 30. This more than offset a 2 per cent decline in agricultural prices.

The report indicated that this situation is expected to continue for the rest of the year.

The department reported Tuesday night in its monthly "demand and price" report that farmers made about \$20,200,000,000 in sales including \$11,800,000,000 worth of livestock and livestock products and \$8,400,000,000 worth of crops.

The department also reported that farm real estate was valued at about \$103,700,000,000 on July 1, up 1 per cent since March 1. The largest increases, averaging 3 per cent, occurred in the southeastern and delta states. Values were 2 per cent higher in the Appalachian, Pacific, and southern Plains regions and were largely unchanged elsewhere.

## Speculate Use Of House on Island By Buster Wortman

COLLINSVILLE, Ill. (AP)—Residents speculated today on the purpose of a house being constructed by Frank (Buster) Wortman, area racketeer, on a man-made island here.

An employee of Wortman's, Sam Magin, said the two story, modernistic L-shaped building will house a boys' club. Some residents, however, feared the building eventually may be turned into a gambling den.

The building is almost complete on the island—about as large as a city block—which was created in a residential area. A 40-foot moat surrounds the island to which the only entrance is a single bridge.

At its altitude  
More than 97 1/2 per cent of the atmosphere lies below an altitude of 90,000 feet, or approximately 17 miles, the highest level yet attained by man.

## Recruit Six- Month Trainees At Scott Air Base

SCOTT AIR FORCE BASE, Ill.—The Mid-America Air Reserve Flying Center at Scott Air Force Base, Illinois, is now recruiting "six-month trainees" into the Air Force Reserve's 94th Bomb Wing, Lt. Col. Clifford A. Willey, Center Commander, announced today.

Non-prior service high school graduates between the ages of 17 and 18 1/2 are eligible for this program recently adopted by the Air Force.

Individuals recruited under this program enlist as Reserve members of the Air Force for a period of eight years, including an initial period of six months active duty for training. At the end of the six months, the individuals will be returned to the 94th Bomb Wing and be required to participate satisfactorily in active Air Force Reserve training for the remaining 7 1/2 years.

If they meet the requirements, they will be deferred from training in service under the Universal Military Training and Service Act.

The Mid-America Air Reserve Flying Center at Scott Air Force Base is the only organization in this area that will administer this program. Interested young men are urged to contact T-Sgt. James A. McCrory at ADams 4,400, extension 4182.

## Pravda Says Eisenhower Has No Foundation for Complaint to Bulganin

MOSCOW (UP) — The official Communist organ Pravda said today President Eisenhower is "without any foundation" in complaining that Premier Nikolai Bulganin's latest disarmament message amounted to intervention in U. S. internal affairs.

"Such subjects cannot be an internal affair of the United States," Pravda said. "... Long ago the Soviet government proposed the prohibition of atomic weapons and the cessation of tests of such weapons."

The Communist newspaper said the world can hardly consider prohibition of atomic tests an American campaign issue because the subject has been before the United Nations for 11 years.

Pravda printed the full text of President Eisenhower's stern letter which rebuked the Soviet premier for prematurely making the premier's preceding message public and for criticizing Secretary of State John Foster Dulles.

"The American president has obviously been the victim of uninformed experts," commented Pravda. It said the latest Bulganin letter was handed Dulles Oct. 19 and only published on Oct. 21, "taking into consideration Mr. Dulles' wishes to allow the President to familiarize himself with the message."

## HTHS, Carrier Mills High Plan Mock Elections

A mock election will be held at the Carrier Mills Community high school Tuesday, Oct. 30 and registration of the student body will be eligible to vote if properly registered.

The election is being sponsored by the Student Council and the Civics class, Warren Jennings, principal at CMCHS stated.

The school will be divided into two regular precincts and voting booths erected in the gymnasium. Judges and clerks of the election have been appointed by the Student Council.

Ballots similar to those voted on in the general election Tuesday, Nov. 6, will be available to the student voters.

Voting will start at 9:30 a. m. Tuesday, with students going to the polling places by classes.

The Harrisburg Township High school will also have a mock election sponsored by the Student Council, it was announced today, with balloting to be held election day, Tuesday, Nov. 6.

Details of the HTHS election will be announced later.

The President sent Bulganin on March 4 was handed to the American press the very next day. So was an Aug. 4 White House letter.

"Between the 19th and 21st of October the State Department could easily have secured a careful translation for the President as the document contained only 220 lines," the Communist Party organ said.

It took up in detail Mr. Eisenhower's reply that the Bulganin letter was "personally offensive to me" because of its references to Dulles.

"International justice must not forbid criticism of foreign statesmen, which, incidentally, the American politicians often indulge in. The remarks on Dulles are justified because they fully correspond to reality."

## Inquest Friday Into Deaths of 8 In Gas Blast

HERRIN, Ill. (UP) — An inquest has been scheduled for Friday into the deaths of eight persons in a propane gas explosion a week ago.

Williamson County Coroner Adolph Fluck said about 20 witnesses will be called to testify. The inquest will be held in the Herrin City Hall beginning at 8 a. m. Five other persons besides the eight dead were burned in the explosion and three of them remain on the critical list at Herrin Hospital.

The blast occurred when gas leaked from a propane truck owned by Louis Scheffler and drifted through the residential area before being set off, probably by an open flame in a house. Five homes and the propane gas warehouse were destroyed by the blast and fire.

The coroner said Scheffler, who still is under a doctor's care, may testify at the inquest. He has been called as a witness.

## Worker is Killed By Acid Fumes

CHICAGO (UP) — A chemical operator was killed and 18 others overcome when sulphuric acid fumes poured through a three story plant that manufactures sausage casings early today.

Three of the employees of the Visking Corp. were reported in critical condition by hospital authorities. Fifteen others were treated and released at two hospitals.

The dead man was identified by police as Thomas Walker, 35, of suburban Oak Lawn. He was survived by four children and his wife, Ruth.

## State Financial Aid for Driver Education Urged

CHICAGO (UP) — State financial aid for high school driver education was urged before the National Safety Congress today as one solution to the rising traffic accident toll.

Edward R. Klamm, accident prevention director of the All-State Insurance Co., said the nation was investing a "pittance" in driving training. He added that aid to schools "will upgrade their course requirements and improve the product — a thoroughly trained driver."

Eric H. Johnson, associate director of the University of Illinois curriculum program, however, opposed state financial aid specifically for driver education in public schools.

Johnson said he favors the principle that states should bear some portion of the cost of operating local schools. His real concern, Johnson said, was with the matter of "earmarking" state funds for a specific part of the school program.

The electricity in a single flash of lightning a mile long is enough to light a million light bulbs.

## It's Official—Hitler Declared Legally Dead

BERCHTESGADEN, Germany (UP) — Adolf Hitler was declared legally dead today.

Time of death: 3:30 p. m. on April 30, 1945.

Place: The Reichschancellery air raid shelter, Berlin.

The death certificate was issued by the Lower Court in Berchtesgaden, official residence of the late Nazi fuhrer whose Reich was supposed to last for 1,000 years.

The announcement of the legal action made Hitler's death official after all these years.

He died with a bullet in his head in the gloomy "fuhrer bunker" as blazing Berlin collapsed around him under the weight of fierce and unrelenting Russian attacks.

He died almost as quickly in the minds of his people. No "Hitler myth" ever took hold on the German people. When he died, they were a beaten, dispirited people. But little credence ever was placed on tales that the fuhrer was in hiding and would some day return to lead Germany again.

Hitler's legal death was slower. The actual legal proceedings did not begin until 1952. They were repeatedly prolonged as an army of "living ghosts" who had been with Hitler in the last days of his life filtered back to West Germany from Soviet prison camps.

The testimony of these men and others was taken and weighed until the final verdict was rendered.

The court found Hitler had shot himself in the temple, after his bride of one day, Eva Braun, had taken poison.

It dismissed several other versions, including one that Hitler also had taken poison just before shooting himself, and another that he had shot himself in the mouth.

The court said Hitler's body was found by Propaganda Minister Joseph Goebbels and Nazi leader Martin Bormann. Hitler was sitting in a chair. Eva Braun lay dead on a nearby sofa.

Hitler's personal weapons lay at their feet.

Members of Hitler's personal entourage took the bodies up into the garden behind the chancellery, doused them with gasoline, and set them alight, the court said, in the gruesome final act of the downfall of the Nazi regime.

**Douglas Attacks GOP For Failure to Aid Area**

(Continued from Page One)

"using me as a whipping boy." "They (the Republicans) have no program for the future or record of past accomplishments so they have to do something. So they criticize me," Gray declared.

Gray pledged his continued support of legislation that would benefit the people of this district and not that of big business and special interest groups.

"The Republicans promised great things for us four years ago and are back again with the promises, but have no record of accomplishments. The administration has favored big business all the way. Compare the percentage of profits for General Motors with the percentage of profits for the business man on Main street. Then vote for your best interest," Gray challenged.

Senator Douglas mentioned the support he had given legislation that would help the totally disabled persons before reaching the age of 65, minimum age for Social Security benefits and also his support of legislation to up the minimum wage bill. "We Democrats supported legislation to help the people, but were opposed practically every time by the GOP," Douglas declared.

Saline county Democratic candidates—Jimmy Burroughs for Circuit Clerk, Bob Wilson for State's Attorney and James Thornton for Coroner—were introduced.

The touring group were guests of Saline county Democrats at a luncheon at the 45-Drive In cafe at noon and following the speaking here the party moved to Eldorado for a 3 p. m. meeting. They also attended a rally in Ridgway at 5 p. m. and at Carmi last night at 8:30.

## Congress Taking Steps to Raise Cost Of Living in Sin

WASHINGTON (UP) — Congress is taking steps to raise the cost of living in sin.

Congressional tax experts disclosed that they are considering increasing taxes on bachelor playboys who set up housekeeping with women to whom they are not married.

As matters stand now, the wayward male can claim an income tax exemption amounting to \$800 by declaring that his mistress is a "dependent of his household."

But a House Ways and Means subcommittee indicated Wednesday that the days of tax-relief for illicit love may be numbered.

The subcommittee announced it is considering legislation that would bar a taxpayer from counting as a member of his household any individual with whom his relationship at any time during the taxable year is in "violation of local law."

## Two Children Burn to Death

GALESBURG, Ill. (UP) — Two children burned to death Wednesday when an oil stove fire ignited the converted railroad box car in which they lived.

The victims were identified as Ronna Rae Jones, 3, and Melodee Young, 1, the children of Mr. and Mrs. Le Roy Lank, both 20.

The Lanks told authorities they and the children were sleeping at opposite ends of the home with an oil stove between them. They said they awoke to find the place in flames and were unable to reach the children.

## Girl, 4, Perishes In Barn Fire

KANKAKEE, Ill. (UP) — Mary Kay Zabel, 4, perished Wednesday in a barn fire which also spread to the farm home of her parents.

Mrs. Eugene Zabel—mother of the child—attempted to rescue her daughter, but flames blocked her entrance to the barn which burned to the ground. Mary's brother—Terry, 5—escaped from the barn in time to inform his mother of the fire.

Firefighters brought the flames under control but not until the home was damaged.

## Rites at Ridgway Friday For Mrs. Hettie Jones

Funeral services for Mrs. Hettie May Jones, Ridgway resident who died at her home Tuesday evening, will be held Friday at 2 p. m. at the Ridgway Presbyterian church.

Services will be conducted by Rev. John Houdeshell, pastor of the church, and Rev. Rowland W. Westervelt, pastor of the Shawneetown Presbyterian church. Burial will be at New Zion cemetery, east of Ridgway.

The body will lie in state at the family residence until the funeral hour.

## Dulles Prods Russia to Make Good on Pledge

WASHINGTON (UP) — Secretary of State John Foster Dulles today prodded Moscow to make good on a 13-year old promise to permit "political and economic security" in its riot-torn European satellites.

Dulles used the first anniversary of the withdrawal of Allied and Soviet troops from Austria to speak out on the satellite problem.

He did not mention the satellites by name, but referred pointedly to Austria's "neighboring states."

In a statement, Dulles recalled that the United States, Britain and the Soviet Union in 1943 jointly promised to make occupied Austria once more "free and independent."

This action, according to the three-power pledge, was to open the way for the Austrians "as well as those neighboring states... to find that political and economic security which is the only basis for lasting peace."

"Today," Dulles said, "there are 'those neighboring states' who await the fulfillment of the promise of political and economic security which was made in Moscow in 1943."

Dulles told Austrian Ambassador Karl Gruber, in a brief statement, that the political and economic achievements of Austria "cannot but be an inspiration" to its neighbors.

While Dulles did not mention the rapidly moving events in Communist Poland and Hungary, he clearly had these developments in mind. He spoke at ceremonies in connection with the signing of a tax convention with Austria.

## Custer's Last Stand

Gen. George Armstrong Custer's last stand on the Little Bighorn River, June 25, 1876, was made by about 225 troopers of the 7th U. S. Cavalry against more than 2,500 Sioux and Cheyenne warriors.

## Two Boys Wreck Stolen Plane During Joy-Ride

CHICAGO (UP) — Two 16-year-old boys who wrecked a stolen plane during a joy-ride were questioned by juvenile authorities today.

Police said Larry Newman, and Charles Black, piloted the single-engine craft to a height of about 15 feet before crashing at Palwaukee Airport in suburban Wheeling, Ill.

Newman, who was scheduled to take flying lessons next Sunday, suffered only a bruised knee. His passenger, Black, was cut on the head.

Newman and four others who had accompanied the pair to the airport, were seized by airport attendants immediately after the crash. Black, however, fled into a forest preserve, but was later captured at his home.

All were scheduled to appear in Family Court today for a hearing. Airport officials said a car containing the six drove onto a strip near parked planes, despite warnings over the loudspeaker.

Two of the boys hopped into a plane and took off.

As soon as the craft cleared the ground, Newman said, "I got scared and closed my eyes."

The propeller, one wing and the plane's undercarriage were ruined in the accident. The owner, Robert Gaulke of Des Plaines, Ill., estimated the damage at \$3,000 and said it was a total loss.

The first 1,500 miles of deepwater cable for a trans-Atlantic telephone line were laid in the summer of 1955. A similar amount will be laid this summer.

**Thinking It Over**

By Robert L. Dieffenhaeher, D. D.  
(Written for NEA Service)

For many generations men sent their messages by courier on foot or on horseback. They sped up communications when they discovered the ways of electricity and of faster movement around the world.

Today air mail goes faster than does the mail which follows the sea lanes or the rail lines. Telegraph, cable and radiogram reach their destinations faster than do the messages carried in envelopes.

People have come to take these new means of message transmission for granted because words now reach their destination more rapidly than they used to do. What is more, men believe in the means, and in the results of twentieth century communication. They have faith in the means because of their experiences in the past.

Through the centuries man has communicated with God through the medium of prayer. Prayer has proven itself satisfactory for millions of people. They have come to believe in the means and in the results. They have faith in God and in prayer.

Yet in the face of the satisfaction of millions, a few will not even try to get their communications to the Supreme Being through the simple medium of prayer. All they need to do is to talk silently and without mental or emotional disturbance.

Let us learn to believe in communications through prayer as much as we believe in the human means of getting messages to humana destinations.

## To Discuss Use of Conservation Area at Soil Meeting On Nov. 1

The development and use of the Conservation Education Demonstration area, Dixon Springs experiment station, will be discussed Nov. 1 at the fourth quarterly meeting of the Shawnee Land Use Council at the Metropolitan City Library.

The council, composed of 10 Soil Conservation districts, including the Saline county district, but all persons in the area interested in the development of the area are invited to attend.

One hundred acres of land at the Dixon Springs station has been set aside for demonstrations in soil conservation and the Shawnee Land Use Council seeks to make it a demonstration area in fact, where students, teachers and others can see good soil practices applied to this relatively small area.

The meeting will start at 10 a. m. Nov. 1 and will adjourn at 3 p. m. H. J. Meyer, president, will preside at the business session at which members Lewis C. Johnson, Paul L. Trovillion and L. E. Gard will give reports.

Ralph C. Hay, of the Department of Agricultural Engineering, University of Illinois, will discuss "Mechanical Practices: Their Value in Soil and Water Conservation," and F. W. Purnell, extension soil conservationist of the University of Illinois, will discuss "Using the Demonstration Area in Adult Education" during the

## Postman Helps Revive Child

GLENCOE, Ill. (UP) — Jonathan Rubin, 2, was alive today because of the efforts of mailman James Kivland, 39, to revive him.

The youngster apparently tumbled into a fish pond near the home of Mr. and Mrs. Theodore L. Vitkin, grandparents of the youngster who was visiting with his mother, Mrs. Myron B. Rubin, Highland Park.

The mother found her son unconscious and cold in the water and pulled him out. Kivland was delivering mail nearby, but rushed to apply artificial respiration.

Due to his efforts, the boy revived before a Glencoe fire rescue squad arrived.

## Bull Dogs Play at Wood River; Top South Seven Teams Meet

**Centralia Host to Marion; Benton At Mount Vernon**

While the Harrisburg Bull Dogs get far out of the area this weekend, making the long jaunt to Wood River for a football game which will start at 7 p. m. Friday, Harrisburg time, the top four teams of the South Seven tangle in contests which probably will give definite indications as to how the teams will finish the season.

Centralia, probably the best team in southern Illinois and tied with Benton for the conference lead with two wins and a tie, will play host to the fast Marion Wildcats, who currently are enjoying a third place in the standings.

Benton, a fine team, will journey to Mt. Vernon to contest the fourth place Rams.

If Marion and Mt. Vernon were to pull upsets, the Wildcats would take the lead with but one game left to play, with the other three tied for second. However, chances are the two contests will be won by Centralia and Benton, respectively.

**Cairo Plays at Eldorado**

In the other South Seven game, West Frankfort will play at Herrin. Other Friday night games will find Cairo at Eldorado, Chester at Murphysboro, Sparta at Anna-Jonesboro, Zeigler at Pinckneyville, Johnston City at Carbondale and Metropolis at McLeansboro.

Du Quoin will play at Sesser in a Saturday game.

Harrisburg will be playing a return game with a team they beat, 7 to 6, here last year in mud and water. Wood River has but a so-so record for the year but still has Bosco, a back who looked good against the locals at Taylor Field. Harrisburg won when Don Biggs, who had just been promoted from the Bull Pups to the varsity team, ran about 20 yards for the touchdown and the extra point was made.

The South Seven standings:

Team	Won	Lost	Tied
Benton	2	0	1
Centralia	2	0	1
Marion	3	1	0
Mt. Vernon	2	1	1
W. Frankfort	0	1	1
Herrin	1	3	0
Harrisburg	0	4	0

## Woodson Paces Big 10 Offense

CHICAGO — Illinois' Abe Woodson became the Big Ten's statistical leader in both rushing and total offense this week by virtue of 181 yards gained against Minnesota Saturday.

Woodson has made 266 yards in two games to move ahead of Purdue's Mel Dillard, with 166, in rushing, and in front of Purdue's Len Dawson in total offense. Dawson has gained 255 yards passing, but lost four rushing for a net of 251 yards.

Dawson was the league leader in passing, however, a title he has won for the past two seasons.

Northwestern's Bob McKeiver ranked as the league's most versatile back. He was ninth in rushing, but led the league in punting with an average of 42.6 yards for 11 tries and also in pass receiving with six catches for 116 yards.

Clarence Peaks of Michigan State was the punt return leader with a 32.5 yard average, while Michigan's Jim Pace led in kick-off returns with a 27.7 yard average. Michigan's John HERNSTEIN was the scoring leader with three touchdowns for 18 points, compared to 13 for Minnesota's Dick Borstad.

Michigan State, tied with Iowa for the league lead, had the best overall team record, first on offense and second on defense. Iowa was the defensive leader, but ranked seventh on offense.

## Mendyk Named Back of Week By United Press

EAST LANSING, Mich. — Dennis (The Menace) Mendyk was named "Midwest Back of the Week" by United Press today despite the fact that he plays second string on the Michigan State football team.

Mendyk was picked on the basis of his performance in the Notre Dame game last week. He scored twice against the Irish and consistently ripped off large hunks of ground to lead the Spartans to a 47-14 victory.

His selection as back of the week was no surprise to his coaches and teammates who call him "the All-American substitute."

Despite the fact that he plays behind All-American candidate Clarence Peaks, Mendyk is leading Michigan State in both yards gained by rushing and total scoring.

He has gained 291 yards in 35 carries for an average of 8.3 yards per try and four touchdowns.

Coach Duffy Daugherty admits Mendyk is the "greatest break-away runner we have" but says he can't elevate the 190-pound senior to the first string "because you can't bench guys like Peaks."

"But then you shouldn't bench guys like Mendyk, either," he added.

**KING SIZE**—Milt Campbell appears to be up against an insurmountable hurdle during the Olympic Preview at California's Edwards Stadium in Berkeley, but it's only because of the camera angle. Indiana's all-around athlete, now in the Navy, tipped this last barrier to finish third behind Lee Calhoun, right, of North Carolina College and Duke's Joel Shankle, second from right. Calhoun won in 13.8.

**BIG CHANCE**—Jack Tighe never played major league baseball, but the old minor league catcher and manager seems confident that he can do something with the Detroit Tigers as their new boss.

## Mantle is Unanimous Choice For UP American All-Stars; Berra, Ford Also on Squad

NEW YORK — Center fielder Mickey Mantle won unanimous acclaim today on the annual United Press American League All-Star team and catcher Yogi Berra missed out on only one ballot, dominating the voting as the world champion Yankees had dominated the pennant race.

Lefty pitcher Whitey Ford of the Yankees also made the honor squad selected by 58 sports writers from the eight league cities. Three Detroit Tigers — outfielder Al Kaline, shortstop Harry Kuenn, and third baseman Ray Boone — were chosen, along with two Chicago White Sox players — second baseman Nellie Fox and pitcher Billy Pierce — and two Boston Red Sox players, outfielder Ted Williams and first baseman Mickey Vernon.

There was little or no contest for most of the positions and the team was the same as the 1955 American League UP All-Star squad except that Pierce replaced Early Wynn of Cleveland as one of the two pitchers.

## Mantle On All 58

Mantle was named on all 58 ballots, Berra on 57, and Williams on 52. Two others, Kaline and Fox, received 50 votes each, while Kuenn had 48, Boone 44, Pierce 38, and Ford 25. The only close race was at first base where Vernon had 16 votes to edge out Vic Power of Kansas City with 14 and first baseman Bill Skowron of the Yankees with 12.

Mantle, the triple crown champion of the majors with a .353 batting average, a total of 130 runs batted in and 52 homers, clearly deserved his unanimous selection. But there was a powerful array behind him.

Williams pursued him closely for the batting title down the stretch and wound up with a .345 average and 82 runs batted in. Kaline was just behind for the RBI title with 128 and a healthy .314 average. Berra was the third man on the squad to drive in 100 or more runs with 105 and he also had 30 homers to go with his .298 average. Berra and Fox were the only All-Star men below the .300 level and they more than made

## Marty Marion Quits as White Sox Manager

CHICAGO — Marty Marion resigned today as manager of the Chicago White Sox.

The resignation came as a surprise.

Marion said he felt the club, which finished third, should have made a "better showing" in the 1956 pennant race.

He said he felt he should step aside so that the Sox would be free to appoint a new manager.

Marion said he reached his decision with regret because he likes Chicago and its fans, but he said he felt the move was in the best interests of the club.

The club announced acceptance of Marion's resignation and said it would fulfill its obligation to him under the terms of his 1957 contract. He had a two-year contract, but his salary never was made public.

The Sox said no successor has yet been considered.

## Baylor Athletes Hit by Food Poisoning

WACO, Tex. — More than 100 Baylor University athletes stricken by food poisoning are expected to be recovered by the time the Bears meet undefeated Texas A&M in a Southwest Conference football game Saturday, team physician Dr. Horace Trippet said today.

More than 49 members of the Baylor football team, undefeated this season, were among the athletes stricken.

## Seek Applicants For Careers in Federal Service

The United States Civil Service Commission is seeking applications from persons interested in a career in the Federal service through its Federal Service Entrance Examination. This examination, which covers a wide variety of occupational fields is open to all college seniors and graduates regardless of their field of major study and to people who have had equivalent experience. The next written test will be held Nov. 10. Additional written tests will be given Jan. 12, Feb. 9, April 13, May 11, July 13, and August 10, 1957.

Most appointments will be made to positions at grade GS-5 with a beginning salary of \$3,670 a year. Some appointments may also be made to positions at grade GS-6 and GS-7, \$4,080 and \$4,525 a year. Positions will be filled in various agencies in Washington, D. C., and throughout the United States, its territories and possessions. A few positions will be filled in foreign countries.

Some of the fields in which positions will be filled are general administration, economics, budget management, automatic data processing, library science, statistics, information, and food and drug inspection.

Further information and application forms may be obtained from Charles U. Wasson at the local Post Office, or from the U. S. Civil Service Commission, Washington 25, D. C.

## TB Patient Urges Voters To Continue Tax

The following letter is written by Mrs. Mary A. George, RFD 3, Harrisburg, who is a tuberculosis patient, in which she urges support for the continuation of the Tuberculosis Tax in Saline county for care of TB patients:

To the citizens of Saline County, Friends:

I would like very much to say a few very important words to all of you. On Nov. 6 we will be asked to vote on a tax bill. This bill is not a new one—it has been in force for some years now. We are being asked to vote "yes" for its continuation at the same rate we have been paying. Folks, I know just what this bill being voted back into effect can and does mean. I have been a tuberculosis patient at Mount Vernon Sanitarium for almost three months and without this wonderful tuberculosis fund which we now have but will not any more unless we vote "yes" in both places on Nov. 6, I could have never paid for the very wonderful treatment and medication I received while there at the sanitarium. I was discharged on medication and will be for some time to come.

This tax, friends, is not only for just a few but for all of our good citizens of Saline county. Having the tuberculosis fund provided by this tax will continue to enable each and every one of us to have the same kind of care I have had if it should come to us that we

## Illinois Peach Crop Indicated 1.1 Million Bushels

SPRINGFIELD, Mo. — The 1956 Illinois peach crop is indicated at 1,100,000 bushels, compared to last year's record low of 130,000 bushels, the State - Federal Crop Reporting Service said today.

The crop was the fourth smallest since 1947 and about 31 per cent below the 1945-54 averages. Frost and hail damage in some areas accounted for the lower production.

The crop service said the 1956 apple crop will total 2,550,000 bushels, about 78 per cent above last year. The crop, however, is still about 15 per cent below the 10-year average. The harvest is nearly completed.

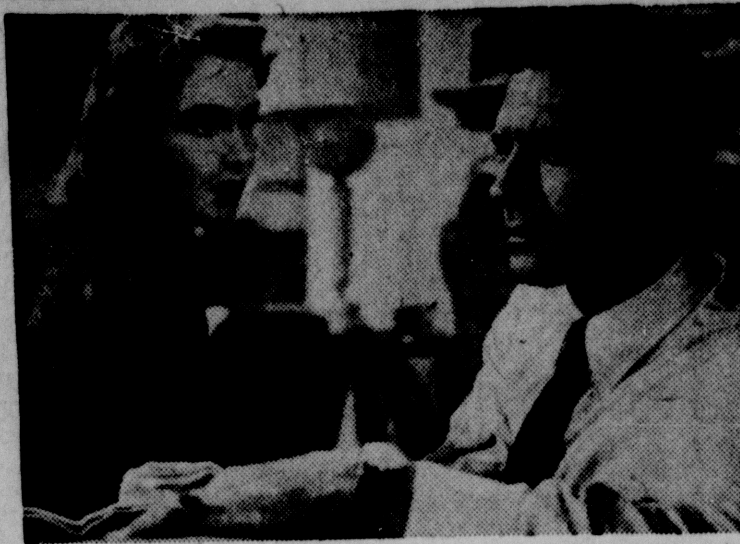

Grape production was placed at 1,400 tons, about 9 per cent above last year, and the pear crop totaled about 200,000 bushels, compared to 90,000 bushels last year.

need it. Not one in several could afford this without help from some place so where do we look but to our own people in our own county to vote "yes" on the all very important tax bill for tuberculosis. No one knows where it will strike next. So let's protect our families and friends and our county by helping to stamp out this disease on Nov. 6. I want to thank each and every one of you for the help that I have received.

This is not a political issue, it is for health only.

## Two of Five Survivors Taken From Critical List

HERRIN, Ill. — Mrs. Gladys McGee, 48, one of five survivors of last week's propane gas explosion here, was taken off the critical list today.

Hospital attendants said her condition has improved. Seven-month-old Randy Williams has continued to improve and is listed in good condition, the hospital said.

The other survivors remained in critical condition. State fire marshal investigators Tuesday completed questioning witnesses except for Lewis Scheffler, owner of the firm which sold the gas to residential users.

Scheffler was represented at the

questioning by his attorney, who said Scheffler's doctor had advised against his appearing.

The lawyer said he also advised Scheffler against appearing from a legal standpoint.

## Marines to Halt Boot Leave

PARRIS ISLAND, S. C. — Boot leave will become a thing of the past at this Marine Corps recruit training center after Nov. 1.

Officials announced Tuesday that on that date the base will discontinue the practice of giving the traditional 10-day leaves for recruits on completion of their "boot training."

Instead the trainees will be shipped directly to Camp Lejeune, N. C.

# eatin' treats for Hallowe'en

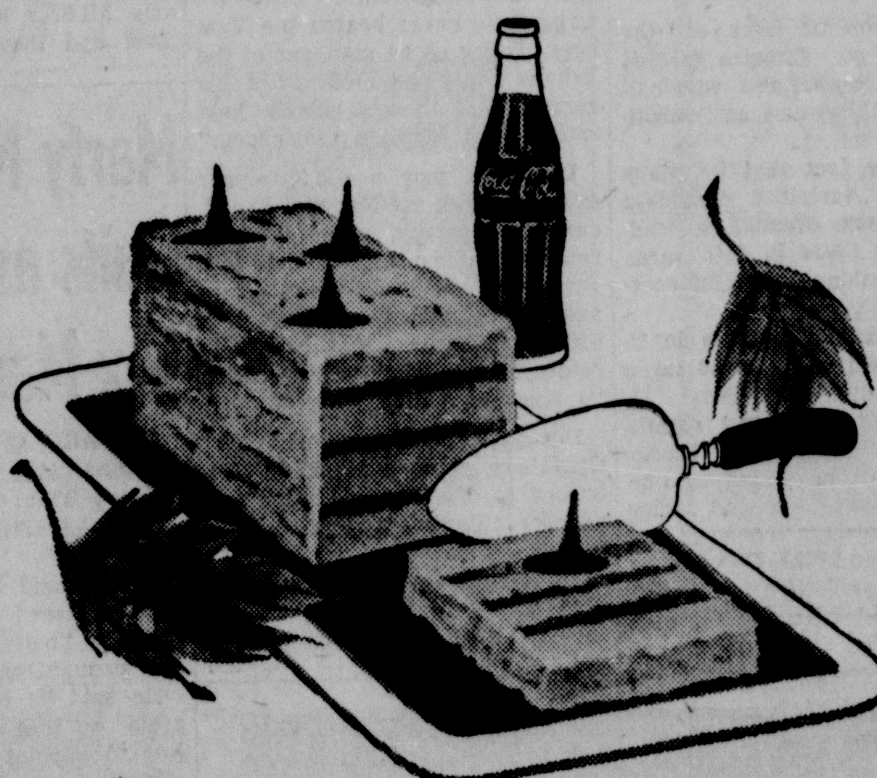

Party Foods That Really "Do The Trick"  
Served With Sparkling Coca-Cola

**Snack O' Lantern.** This clever bit of hostess magic turns a pumpkin into a big round snack bowl! Scoop out the pumpkin and cut a "face" into one side. Fill a jar with your favorite dip, pop it inside the pumpkin and serve with crackers. With sparkling Coke set out for sipping, your party's off to a great taste start!

**Quick-Trick Crullers.** Hearty treat for a hungry gang! Use tubes of refrigerated biscuits. Roll out biscuits to 1/4-inch thickness, dot half with 1 teaspoon marmalade, top with remaining ones, sealing firmly. Fry in deep hot fat (375 degree) 3 minutes per side. Drain and dust with confectioners' sugar. Serve 'em up hot right on the spot with plenty of ice-cold Coca-Cola. Its great taste makes it right at home at any party!

**Orange-Frosted Sandwich Loaf.** A buffet "best" that tastes best with ice-cold Coca-Cola! Remove crusts from unsliced bread loaf, cut lengthwise into 4 slices. Smooth canned ham and chicken spreads on alternating layers. Here's your frosting: beat cream into cream cheese until fluffy-smooth, tint with orange food coloring. Chill loaf before serving. This is fancy fare that's plain delicious teamed up with the tingling taste of Coke!
